

# Fulford Bus Routes Proposed Changes

- **Services 24/25/26**

It is proposed that services 24, 25, and 26 will be retendered to provide an hourly service to Acomb & Derwenthorpe and a half-hourly service to Fulford Crossfield Crescent & Germany Beck. The proposed new service numbers are:

- **24 - Fulford-Acomb**

(incorporating half of the current route 26 and the current route 24 as far as Acomb shops)

- **25 - Fulford-Derwenthorpe**

(route unchanged)

This proposal will result in the loss of a direct link in one direction from Fulford to South Bank. (Note, it is already not possible to make an unbroken bus journey in the other direction, from South Bank to Fulford). The current routes of services 24, 26 and 26 can be viewed on Transdev's website using the following links:

- 24 - [www.transdevbus.co.uk/york/services/YCD/24](http://www.transdevbus.co.uk/york/services/YCD/24)
- 25 - [www.transdevbus.co.uk/york/services/YCD/25](http://www.transdevbus.co.uk/york/services/YCD/25)
- 26 - [www.transdevbus.co.uk/york/services/YCD/26](http://www.transdevbus.co.uk/york/services/YCD/26)

No route changes are proposed to service 25, other than serving Germany Beck via the same route as the proposed route 24 (ie. Thornton Rd, Bishopdate Way, Whitting Close, Porter Avenue, Thornton Rd, Fordlands Rd to Crossfield Crescent).

It is proposed that service 26 will be merged with service 24. A description of the proposed route 24 is set out below.

## SERVICE 24

A description of the proposed route 24:
